

European Smart City

Paris, 14-15 june 2021

Are you looking for innovative SMEs for co-development? Come and meet disruptive companies with new solutions and visions at the European Smart City 2021.

We will organise a personalised programme of online business meetings with companies selected by you from among the candidates.

Thanks to Enterprise Europe Network, European Smart City 2021 will connect you with French and international suppliers to find solutions in the fields of :

mobility, energy and sustainable construction

Conferences and business meetings in English on the smart city

Your commitments:

1. Identify and submit your needs on the dedicated website when you register
2. Consult and select the companies you want to meet
3. Validate the final schedule of your business meetings (20 minutes per meeting)
4. Take advantage of your tailor-made online programme to find the ideal partner

In co-partnership with the members of the Enterprise Europe Network TOPIC consortium: CCI Paris Ile-de-France, Bpifrance, CCI Centre-Val de Loire, CCI Normandie, Dev'up Centre-Val de Loire and AD Normandie.
